[16 ~ 17] 다음을 듣고, 물음에 답하십시오.

M: Hello, listeners, and welcome to *Health Matters*. This is Dr. David Harvey. Coughing is one of the most common symptoms of a cold. To relieve it, you might only think of going to a doctor or taking medicine. However, drinking homemade tea can be an excellent way to warm you up and soothe your throat and cough. This kind of tea is so easy to make that anybody can do it. First, get two inches of fresh ginger and slice it thinly. Next, boil the ginger slices in two cups of water for at least 10 minutes. Then, turn off the heat and add some honey. Squeeze a lemon and put the juice in the tea. You can add a bit of cinnamon at the end for flavor. I hope you'll enjoy your hot tea and stay healthy.
